ABOUT COBE IN TAIWAN

In this program, students spend six weeks learning about Chinese culture and ways to do business in Taiwan.

Through this program, business students complete a business internship, meet requirements of the CCI, as well as earn additional six business credit hours that count as electives in business majors and minors such as Business Management, Marketing, Entrepreneurship and International Business. Students will take a three-credit hour business seminar in the spring to get ready for the experience.

Students learn Chinese language through immersion, hands-on cultural activities and classes that meet in the mornings of most weekdays. Business Seminars in the afternoons focus on Chinese business practices. Providence University conducts several company visits, weekend trips for sightseeing and various cultural encounters.
