ABOUT COBE IN TAIWAN

COBE students are presented with a one-of-a-kind opportunity through the COBE in Taiwan program. Students will spend six weeks at Providence University in Taichung, Taiwan while earning 9 business credits (6 are completed during the summer and the remaining 3 will be completed in the fall). A required preparatory Chinese class is offered in the Spring.

Students will take a three credit business seminar focusing on Taiwan's business culture (Border Crossing course). Additionally, students will study the Chinese language for ten hours each week earning three credit hours. Finally, students fulfill the BUS 239/339/439 core requirement and the GPS Courses with Study Away. Providence University will coordinate several company visits. In addition to the site visits, students will complete reading assignments and research projects fulfilling their internship requirement. This course, while starting at PU in the summer, will be finished at AU in the fall. The credit hours can count toward student's major or minor in Business management, Marketing, Entrepreneurship or International Business. With one additional course completion, an International Business minor is possible through this program. This program fulfills the GPS Global Studies track.
